

## Add Results To Your Routine

The (plated)<sup>™</sup> line was developed to harness the power of platelet-derived exosomes, leveraging the proprietary Renewosome<sup>™</sup> technology to produce clinically-proven results.

**(plated)<sup>™</sup> Formulations  
are Made in the U.S.A.**

### INTENSE Serum

Highly concentrated serum designed for the most challenging skin needs.

### DAILY Serum

Hydrating formula that defends against tone and texture issues for younger-looking skin.

OVER A TRILLION EXOSOMES PER BOTTLE

## Ask Your Provider Today

### INTENSE Serum

This serum is packed with the highest concentration of platelet-derived exosomes, containing a growth factor complex and potent antioxidants. Clinically proven, INTENSE tackles the most challenging skin issues head-on. Within six weeks, this serum significantly minimizes the appearance of wrinkles, redness, and brown spots.

### DAILY Serum

Formulated with platelet-derived exosomes, this hydrating formula defends against tone and texture issues for younger-looking skin. Ideal for day-to-day use, this serum revitalizes the skin's appearance for a more youthful, glowy look.

**Sustainability:** Did you know (plated)<sup>™</sup> serums now come in refillable bottles? Every time you order a refill, you are helping reduce the need for entirely new packaging, minimizing waste and promoting sustainable consumption.

**Start Today:** Your provider will recommend the appropriate product based on your skin type. Apply INTENSE and DAILY Serum once a day. Allow product to absorb and thoroughly dry before applying other skincare products. Avoid direct contact with eyes. If contact occurs, rinse thoroughly with water.

Platelet-Derived Exosomes with  
Renewosome<sup>™</sup> Technology

## Clinical Studies Show The Benefits of (plated)™ Skin Science

### A Revolutionary Skincare Line, Backed by Breakthrough Science.

Years of visionary research done by physician-scientists led to the breakthrough discovery of platelet-derived exosomes being the ideal source for defending against the signs of aging and restoring the appearance of the skin.

### Renewosome™ Technology

(plated)™ Skin Science's Renewosome™ technology harnesses the power of platelet-derived exosomes in a shelf-stable serum formulated to regenerate the appearance of the skin. The platelet-derived exosomes in (plated)™ serums come straight from the body's own first responders, acting as the primary vehicles delivering regenerative properties to the surface cells of the skin.

(plated)™ Skin Science is clinically proven to:

- Support the natural production of **collagen and elastin**
- Deliver **growth factors** and **powerful antioxidants**
- Improve the **appearance of redness, brown spots, dullness, and wrinkles**

### Patient Results. Undeniable Outcomes.

Patients in our study saw results as soon as 6-weeks. Some of the most common areas (plated)™ Skin Science can address are:

- **Fine lines and Wrinkles**
- **Redness**
- **Brown spots**
- **Dullness**
- **Skin tone and texture**
